### **Vandalism at Mayflower Cemetery**

Over the July 4 weekend, vandals smashed 2 marble tomb doors at Mayflower Cemetery, valued at \$1,000, according to cemetery superintendent Albert Doscher. The doors, inscribed with names of the persons buried in the tomb, were damaged beyond repair by a sledge hammer or other heavy instrument.

The doors have been bricked over, using funds from the cemetery department budget. Doscher said there was not enough money to replace the marble doors. Cemetery trustees will decide whether to request emergency funds from FinCom.
